**Drury Hotels and Enterprise Rent-A-Car
Introduce “Room and Zoom” Package**

ST. LOUIS (June 16, 2008) – Two of the leaders in transportation and hospitality are making it easier for travelers to cruise as well as snooze. Drury Hotels and Enterprise Rent-A-Car have formed a partnership that allows Drury guests to add a rental car from Enterprise to their hotel reservation.

The “Room and Zoom” package is available to guests who book rooms at any of the 120 Drury Hotels in 19 states. It includes special pricing on rental cars at more than 7,000 Enterprise Rent-A-Car locations.

Chuck Drury, President and CEO of Drury Inns, Inc., said the partnership between Drury and Enterprise was a natural fit. “Drury Hotels and Enterprise Rent-A-Car have built our respective businesses over the decades by providing travelers with consistently great service and outstanding value.”

Drury continued, “Our companies have so much in common: Both are St. Louis-based, family owned and operated, and have been honored with multiple J.D. Power & Associates customer satisfaction awards. It was almost inevitable that we would one day team up and make it a little easier for Drury guests and Enterprise customers to save money on their vacation, business trip or getaway without sacrificing service and quality.”

Randal Narike, Senior Vice President for Enterprise in St. Louis, added, “Enterprise Rent-A-Car is pleased to be associated with Drury Hotels, a name that stands for both quality and value. While we both expect this partnership to benefit our business, the real winners are the customers of both companies.”
